ocean cruise travel with inspiring experiences on land*

MIAMI, FL – August 26, 2014 – Recognizing the growing trend toward extended vacations and answering the demand from guests, [Celebrity Cruises](#) today unveiled "[Celebrity Explorations](#)" – unique vacations that pair ocean cruises with deep, immersive destination experiences on land.

Celebrity's well-traveled destination experts have uncovered the most authentic experiences in each destination and cultivated relationships with local experts to deliver more than 20 different one-of-a-kind Celebrity Explorations, with more to be revealed this year. Vacationers can combine an ocean cruise with several days of extensive and fully-guided tours, exhilarating excursions and indulgent hotels – minus the stress of planning.

Guests can now pair an exciting safari in Africa's greatest wildlife reserves with a cruise to the Iberian Peninsula or journey down the Amazon River on a luxury custom-built riverboat with floor-to-ceiling picture windows before setting sail on a modern, luxurious Celebrity ship for a thrilling Antarctic cruise. Additional Celebrity Explorations that offer memorable insight into the sights, flavors, culture and history of destinations include vacations that combine the vibrancy of Sydney, Australia with unforgettable cruises in the South Pacific.

"As a modern luxury vacation company, we are in the business of providing outstanding vacation experiences and have been doing so for nearly 25 years," said Michael Bayley, President and CEO, Celebrity Cruises. "With the introduction of Celebrity Explorations, we are giving our guests more of what they value and expect from Celebrity – authentic, immersive and upscale vacation experiences that combine luxury hotels, guided tours by our destination concierges and the best in local dining with a unique selection of ocean cruises and more. Our new style of travel pairs two exceptional vacations in one – and both have been perfectly planned down to the very last detail to create one exhilarating vacation."
