SAINT-NAZAIRE, FRANCE – January 29, 2020 – *Celebrity Beyond*, the third ship in the highly acclaimed, award-winning Edge Series from [Celebrity Cruises](#), has made the monumental move from concept to construct today as the first piece of steel was cut at the Chantiers de l'Atlantique shipyard in Saint-Nazaire, France.

"*Celebrity Beyond* is the perfect natural next-step in the Edge Series," said Richard D. Fain, Chairman and CEO, Royal Caribbean Cruises Ltd. "The Edge Series is all about innovation and pushing beyond boundaries and convention, and *Celebrity Beyond* will continue this legacy."

"With the launch of our Edge Series, Celebrity Cruises redefined modern cruising. *Celebrity Edge* impressed the world with its outward-facing design and innovation; *Celebrity Apex* takes the onboard vacation experience to the pinnacle; and now with *Celebrity Beyond*, we're charting new territory once again," added Lisa Lutloff-Perlo, president and CEO, Celebrity Cruises. "While we can't say much just yet, with *Celebrity Beyond* three's a charm."

"This is a new milestone in the long success story we have with RCCL and Celebrity," stated Laurent Castaing, General Manager, Chantiers de l'Atlantique. "*Celebrity Beyond* will be the symbol of this cooperation based on mutual trust and our common innovation spirit."

With the second-in-class *Celebrity Apex* set to arrive in Southampton in April 2020, the brand expects delivery of *Celebrity Beyond* in fall 2021.
